

Vishnu Kerasiya

Glasgow, UK | 07459609413 | vishnukerasiya@gmail.com

Profile

Experienced front-end developer specializing in React, with a proven track record of 1.8 years in building exceptional websites and web applications using ReactJS and cutting-edge JavaScript tools/frameworks. Recognized for successfully collaborating with over 10 product teams and backend developers to implement innovative features and proficiently develop API endpoint request/response payloads.

Work Experience

01/2021 – 08/2022 Gandhinagar, IN

React Developer Zignuts Technolab

- Spearheaded the development and continuous maintenance of a highly successful web application, catering to a staggering user base of over 0.6 million individuals for ticket booking until August 2022.
- Effectively collaborated and communicated with cross-functional teams, ensuring seamless coordination and alignment between product and design departments.
- Translated intricate designs into high-quality React code, seamlessly bringing the envisioned user interface to life.
- Employed Socket.io, a powerful real-time data communication technology, to establish instantaneous and efficient server-client interaction, enhancing the overall user experience.
- Displayed a relentless focus on performance optimization, employing advanced React concepts to boost application speed, responsiveness, and scalability.

Keywords: ReactJS, Redux, Thunk, JavaScript, TypeScript, Git, GitHub, Jira, Agile

Education

09/2022 – Present Glasgow, UK

MSc in Computer Science University of Strathclyde

- Conducted thorough research in the field of visualizing cryptography, leading to the creation of an innovative web application designed for cryptography education.

Education

- Actively participated in Kaggle competitions, demonstrating a strong passion for data science and machine learning.
- Applied problem-solving skills, data analysis techniques, and model development to tackle real-world datasets and competition challenges.
- Utilized a diverse range of algorithms and techniques to achieve competitive results, showcasing a commitment to staying updated with the latest advancements in the field.
- Collaborated effectively with team members, sharing insights and expertise to contribute to the overall success of the competition.
